New for 2008!!

Scapa Scuba, in conjunction with MV Radiant Queen, is now offering

EVENING DIVES IN SCAPA FLOW!

Departing Stromness Harbour at 1800 and returning approx 2100 after 1 dive, evening cruises are available to both divers and non divers alike. Take advantage of the long summer nights and enjoy an evening exploring Scapa Flow.

Scapa Flow - The Best Wreck Site in Europe!

The wrecks in Scapa Flow are phenomenal, their size awesome and history quite incredible. **Scapa Scuba** guided dives enable divers to get the most out of their trip to Scapa Flow. Guided by experienced Instructors or Dive masters familiar with the Scapa Flow conditions, history and layout, allow you to see all the best bits!

Guided dives are particularly popular with:

- Individual divers on holiday in Orkney without a buddy.
- Recently qualified divers who feel more comfortable diving with someone more experienced.
- Those newly qualified in dry suit diving
- Experienced but rusty divers.
- Experienced divers who are diving with hired or unfamiliar kit.
- For someone who wants the 'organising' taken out of a fun days diving!
- Divers who have had Scapa Flow on their wish list for years and want to get the most out of every dive now that they have finally made it this far north!

Prerequisites:

- **PADI** Advanced Open Water Diver certification or equivalent.
- Dry suit experience: It is necessary for any diver who has never used a dry suit before to do the **PADI** Dry suit Speciality course before diving in Scapa Flow.

Evening guided dives: £70/£140* per evening fully inclusive of dive equipment, boat fees and guide. **Denotes a bespoke diving package. Guaranteed 1-1 instructor attention.*

Evening cruise for non-divers: 3 hour boat trip into Scapa Flow - £12.50

DINNER AND DIVE? It is possible for dinner to be served on the boat. A 2-course meal is just an additional £7.50 per person. Please advise at time of booking.

**** PRE BOOKING ESSENTIAL ****
